**AVIATION EXCELLENCE**

- All jet fleet operated by our contracted air carrier for greater speed, longer range, and smoother flights
- Proven Safety Management System (SMS)
- Dual flight crew for safety

**PATIENT ADVOCACY**

- Our dedicated team is available 24/7 to coordinate all air and ground transport logistics
- Our patient advocates manage the entire insurance preauthorization process and claims process
- BBB accredited A+ company with five-star rating

**CLINICAL EXPERTISE**

- Critical Care teams provide Bedside-to-Bedside transfers
- Our clinicians hold advanced care credentials – CFRN or FP-C
- NAAMTA accredited for patient care and safety

**STREAMLINED FLIGHTS FOR TRANSPLANT PATIENTS**

Angel MedFlight Worldwide Air Ambulance recognizes that all patients should have the opportunity to be listed or multi-listed at the transplant center or centers of their choice, regardless of where they live. Our Flight Coordination team works with healthcare professionals and patients to streamline transport logistics. We expedite transplant patient flights from anywhere in the country day or night.

**FINANCIAL CLEARANCE**

During the transplant listing process, our Financial Coordinators collaborate with Transplant Coordinators and patients to obtain insurance preauthorization for air ambulance transport. Our team can also manage financial clearance for expedited transplant patients.

**HONORING THE GIFT OF LIFE**

We recognize that someone made the selfless decision to give the gift of life. We honor that donor and their family by making sure their gift lives on.

Call us anytime because every moment counts

THE RIGHT AIRCRAFT FOR THE MISSION

The appropriate aircraft is critical for a successful transport. A medically-configured jet offers smoother flights, faster airspeed, a longer flight range and greater comfort than a turbo-prop aircraft.

ACCOMMODATIONS FOR TRAVELING COMPANION

- One or two traveling companions may accompany the patient depending on the patient’s condition and equipment requirements.
- In compliance with TSA, traveling companions must provide full name, photo identification, date of birth, and weight.
- To accommodate medical equipment, luggage is limited to a small carry-on item.

TRANSPLANT FLIGHT COORDINATION

☐ Call our Flight Coordination Team toll free at 855.620.0926.
☐ Provide patient information necessary for flight:
  • Patient’s location
  • Patient’s age
  • Medical condition
  • Insurance details
☐ Organ to be transplanted
☐ Provide the following information for each Transplant Center where the patient is listed:
  • Name of Transplant Center and location
  • Transplant Coordinator’s name and contact information
  • Listing Letter if actively listed

PRE-TRANSPLANT FOLLOW UP

Angel MedFlight’s team will follow up with transplant patients every two weeks to ensure:

☐ Patient is either listed or in evaluation process.
☐ Patient’s insurance information is current.
☐ We are informed about additional listing with another Transplant Center.

DAY OF ORGAN OFFER

☐ Transplant Coordinator contacts patient with required arrival time for transplant surgery.
☐ Patient or family member immediately alerts Angel MedFlight.
☐ Our Flight Coordination team prepares flight itinerary and dispatches aircraft.
☐ Angel MedFlight contacts Transplant Coordinator with flight details.
☐ Prior to take off, our critical care flight nurse performs an on-site patient assessment for transport.
☐ Our medical team transfers the patient to our mobile medical equipment including telemetry monitor, oxygen, or ventilator if necessary.
☐ Critical care clinicians provide patient care throughout flight and ground transport to Transplant Center.
