

GUIDING YOUR PATIENTS SEAMLESSLY THROUGH THEIR HEALTHCARE JOURNEY

AIR MEDICAL TRANSPORT CHECKLIST

FLIGHT QUOTE

- Call our Flight Coordination Team any time at **855.916.9747**
- Provide patient information necessary to prepare a quote:
 - Sending facility name and location
 - Destination
 - Date of birth
 - Medical condition
 - Insurance details
 - Reason for transport
- Share an email address to receive a written quote

The **Angel MedFlight** team...

- Verifies patient's insurance flight benefits (if applicable)
- Delivers a verbal and written flight quote

PRE-FLIGHT COORDINATION

- Patient information necessary to prepare an itinerary:
 - Face sheet
 - History and Physical (H&P)
 - Recent progress notes
 - Official ID card with patient's full name
 - Insurance card, front and back (if available)
 - Current Medication Administration Record (MAR)
 - Accepting facility and physician information
- Provide the name, number, and email of the individual responsible for signing the air medical service agreement (POA if applicable)
- One or two traveling companions may accompany the patient depending on patient's condition and equipment requirements
- In compliance with TSA, traveling companions must provide full name, photo ID, date of birth, and weight

The **Angel MedFlight** team...

- Handles all of the air and ground transport logistics
- Manages entire insurance process including authorization for flight
- Communicates with accepting facility, the patient, and the patient's family
- Prepares itinerary with estimated departure and arrival times

DAY OF TRANSFER

- Please complete the following items prior to Angel MedFlight's arrival:
 - Send discharge summary transfer to us as soon as it is available:
 - Fax to **844.404.3948** or email to **flights@angelmedflight.com**
 - Please include a transfer/discharge packet for the accepting facility
 - Maintain any current IV access
 - Hold tube feedings 2 hours prior to departure time*
 - Provide all scheduled medications, small meals, or treatments prior to discharge

When on-site, our **Critical Care team**...

- Performs nurse-to-nurse report for continuity of care
- Assists with transferring the patient from the facility's medical equipment to **Angel MedFlight's** mobile units
- Provides safe Bedside-to-Bedside transport

* Exceptions may apply based on the patient's condition.
